7	Annexure VII Scope of Work	No separate payment will be done for any addition parameters introduce to capture for billing purpose in future as per tariff order.	The number of meter readings taken and bills issued by a meter reader depends on the number of meters parameters to be read. Any additional parameters to be read will have a bearing on the number of meter readings taken in a day by the meter reader. Hence, kindly modify this clause to pay additional rate for additional parameters to be read.	No change. The parameters require to generate bill for spot meter reading is KWH & MDI which consider as one read and for three phase meter KWH, KVAH, MDI KW, MDI KVA, TOD KWH etc. together will be considered as one read and pay as per one read unit rate quoted. If in future, lets say TOD timing changed or KVArh reading require then extra payment for capturing such detail will not pay.
8	Annexure VII Scope of Work	Exclusions: Consumers whose meter reading is done through Prepaid/Smart meter are excluded from the scope of work of the Agencies for Spot Billing during the contract period.	Kindly provide information on the number of prepaid/smart meters available on a sub-division wise basis. This information is necessary as it has a bearing on the costing.	Sub-division/Section wise smart meter installed in TPCODL area detail is given.
