Pre-bid queries reply

Sr. No.	Detailed Reference to Tata Power Technical Document. Please specify Document No / Clause No / Page No	Description as per Bid Document	Remarks - Query / Clarification	TPCODL RESPONSE
1	2	3	4	5
1	Annexure I	LP Truck (With Driver)	Do the unloading manpower travel with the truck? Can the unloading manpower sit with/on the material in the loading bay? Does your safety department allow the Use of "Day Cabin LPT Truck"?	the cabin should have the arrangement for sitting of another 4 person including one driver and helper. This type of cabin we are using now with LPT 1512 TATA model
2	Annexure I	LP Truck (With Driver)	Does the monthly truck rentals include the unloading charges at destinations, including crane/manual unloading charges.	Manual unloading is done through our BA labour and if hydra is required at unloading point extra payment is made separately as per the rate applicable.
3	Annexure I	LP Truck (With Driver)	Please specify the number of unloading locations to be served per trip, because, If the unloading is carried out at more than 1 location, per trip, the cost of monthly rentals will vary. This will give clarity of the rates to be quoted and also the exact scope of work.	The number of unloading location may vary 2 to 3 in case of manual unloading items unloaded through manual labour in the same route.

4	Annexure I	On Call Truck	Please specify in the price bid the number of unloading locations to be served per trip, because, If the unloading is carried out at more than 1 location, per trip, the cost of On Call trucks will vary. This will give clarity of the rates to be quoted and also the exact scope of work.	Maximum time one location material is loaded and unloaded. But sometimes as per requirement it may vary up to 2 to 3 locations in the same route and with in the same division.
5			Please confirm the shift timing of Stores	We have 2 shifts.
6			Please confirm the total Monthly approx. running to be considered of fixed LP TRUCK/709/407 vehicles	Approximate 3000-3200 K.M. Avg. running is done per month.
7			How to unload material at delivery site, incase of cable drums, heavy transformers and RMU'S .oncall crane will be provided on site or cost to be considered in fixed vehicles, if yes . How many unloading points where crane shall be needed in month(APPROXIMATE)	Unloading of heavy materials is always through crane. For four no. of vehicles we are using approximate 40 oncall crane in a month. Cost of the crane is paid separately.
8			Please provide List of holidays / Local festivals applicable to our stores operations,which will be non working as per locality.	we provide rotational off and national holidays are applicable as off day. But in case of emergency, off may be cancelled and everyone has to work in shift.
9			Toll taxes cost is inclusive or paid EXTRA at actuals,	Toll charges are inclusive.

			wherever applicable in TPCODL area	
10			Crane Working hours per day. Cranes will be working inside store premises only or they will be going out for unloading , if yes how many km. Radius for unloading	Crane working hours per day is 8 to10 hours. Crane always work inside the stores, but sometimes goes outside inside the city for unloading as per urgent needs. Marching may be 15 KM to 20 KMs from store within the duty hour of 8hours.
11			In fixed monthly trucks & Cranes are asked without helper, so truck cost with Driver and NO HELPER shall be considered for quoting	Yes
12			Please share the No Entry zones in all the circles	Bhubaneswar, Cuttack and Puri. Special permission is taken from the traffic for movement of vehicles for Bhubaneswar store.
